

Photographic Prints

Color Consistency and quality make our photographic prints better than the average photo finisher. Using professional printers and software with Kodak Endura professional papers in lustre, glossy, and metallic, we offer photographic prints in a variety of sizes from wallets to 30x40 and larger.

Details

- All prints are created with printers that expose light sensitive paper that is then run through a chemical process. These are real photographs, not inkjet prints.
- Photographic prints are available in Metallic, Glossy, and Lustre finishes. Lustre finishes are also available with a variety of textured papers, such as Linen, Pebble, and Embassy textures.
- Lustre, glossy or metallic papers cannot be combined within an order.
- Wallets are 2.5x3.5 inches and are printed in units of 8-up on a sheet, with rounded corners. Wallets are available in Lustre, glossy, or metallic finishes. Textured Lustre papers are not available for wallets.

Corrective Services

Basic retouching and color correction is included. Each image is color corrected for balanced skin tones. Basic retouching removes slight skin imperfections such as blemishes. Artwork is quoted for projects such as extensive retouching, head swaps, and background adjustments.

Print Size	Lustre/Glossy	Metallic
Yearbook	\$17.00	\$17.50
8 wallets	19.50	20.00
